Fig. 1: KT186 Heavy Duty Hardware Kit, components

HEAVY DUTY HARDWARE

The Rusco KT186 Heavy Duty Hardware Kit is the standard hardware package specified across the Rusco Security Screen Door line, pairing an adjustable door closer and wind chain with a locking latch assembly for daily high-traffic use.

✓ Specified across nearly every Rusco Security Screen Door model, medium and heavy duty alike

✓ Adjustable closer and wind chain let swing and hold-open be tuned after installation

✓ Robertson installation screws throughout for a tamper-resistant, technician-friendly install
